WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

- Cut 1,800 of rope; tape and melt the ends
- Eye splice round a thimble at each end, five full tucks
- Length 1,440 between the eye centres after splicing
- Shackle one eye to a post lug, the other to the turnbuckle jaw
- Make two; check both are the same length within 20
